Menu Bar

It will possible to register customers and employees as well, Edit and visualize their information.

- Register customers and employees as well.
- Edit and visualize their information.

Features:

It will be possible to Track the product that our customers buy.

- And much more.

Register Customer Frame

A screenshot of a web application titled "Customer Registration". The menu bar includes "Home", "Stock", "Customers", "Employees", "Help", and "Quit". The form contains the following fields: First Name, Last Name, Mobile no., DOB (with three input boxes), Gender (radio buttons for Male and Female), Address, City, Postal Code, Country (a dropdown menu showing "Afghanistan"), and Customer ID. To the right of the form is an image of two 3D figures holding large puzzle pieces. At the bottom right are three buttons: "Register", "Clear All", and "< Go Home".
